CELEBRATE THIS NEW YEAR AS THE YEAR FOR COMPLETION, THE ELEVATED YEAR AND THE YEAR FOR AWAKENING THE WORLD

Main highlights of Avyakt vani dated 31.12.17

- Consider the New Year to be the **Year for Completion, the Elevated Year** and the **Year for Awakeneing** everyone and see how this year shows these **wonders**.
- In order to go to your new world, have this thought: I definitely have to **pass**. There are two types of pass, one type of pass is **paas - of coming close**, and the other pass, **of passing an exam**. You are going to receive that pass too. Baba also wants each of you children to definitely make yourself pass in any way. For this, now **check yourself** and **pay attention** to the future. To pass means that while having everything, in order to pass the future, make so much effort that this future stays with you and the sound emerges from everyone's lips: **Pass, Pass, Pass**. You don't know **what is going to happen or how it will happen?** You may have ideas about this, but do not be fixed on them.
- Victory is guaranteed for each child. There is victory, and this victory increases **confidence** in the self and **faith** in the family. These two things will be useful in your kingdom.
- Let there now be a little more attention paid to **aim and plan** and let everyone feel it. Now have the aim that you are **definitely going to become this**. In this, your part is not just of being co-operative, but you have to make yourself worthy. You have to pay attention to yourself; this is essential. Now think about **which seat you will claim in the kingdom**.
- Everyone is making effort and it is now in all of your intellects that you will **definitely claim a number**. The form of effort is visible but it cannot be seen **all the time**. It is sometimes like this and sometimes like that. So now make this effort **firm** in you and show all your force - that **all of you are now ready** to take the **paper**. You will have to pay a little **attention**. This is a study, is it not? One has to pay attention to one's study.
- Keep yourself full and always ready, **like the Father**. Whatever time you have, make yourself ready in the way the Father wants. Just as the Father is **full of all virtues, has the crown and is seated on the throne**, similarly, let each child experience this **specialities** in the self. There is still time, so whatever is still lacking, **imbibe** that and give a vision of the **embodiment of that dharna**.
- Do not say: **What can I do now? How will it happen? No**. There is no need to ask these questions. The Father has now given everyone **courage** and **enthusiasm**. Therefore, by keeping both **courage** and **enthusiasm** with you, everyone can now quickly move forward.
- **Congratulations to everyone for the New Year**, and you have now received the **blessing** to keep moving forward in this New Year.
