

A Message from God on Maha Shivratri

We all talk to God ... in our prayers ... hymns ... and rituals. We thank Him for everything He has given us ... we praise Him for His powers ... we ask Him for help ... we ask Him to forgive us for our sins ... we talk to Him everyday ... but have we ever paused to listen to what He has to say to us. This message from God on **Maha Shivratri or Shiv Jayanti (March 8th)** can connect you to the one you have been looking for ... can give you all that you ever wanted ... let's listen to Him ...

- My sweetest children, you have forgotten me, because we haven't met since a very long time. You have all heard about me, read about me. But now the time has come for me to talk to you directly, to tell you the truth you have been looking for. Before I tell you about myself, let me remind you about yourself. Sweet children, you are not who you think you are – name, religion, profession, relationship ... you are not even this body which you see. You are a pure conscient being, a tiny point of spiritual light, a soul which uses the body to play many roles. You are a pure, peaceful, loveful and powerful soul.

Around 5000 years ago, you all lived with me in our home ... the soul world ... a land of complete silence and purity. But you, my sweet children, had to play your role on this earth, for which you left me and your spiritual home and came into this world. When you came to this world you were complete, perfect and divine. Each of you got a perfect physical costume to wear or a perfect physical body to play your part with and this world was a perfect world ... a world of divinity, love and prosperity, called Paradise, Heaven, *Swarg*, *Jannat*, *Bahist* ... When your body would get old in this world, you would just change and wear a

new physical costume and continue to play your role with it. More and more children from the soul world joined you in this physical world. You all were enjoying this world of happiness for about 2500 years, called the Golden Age (*Satyuga*) and Silver Age (*Tretayuga*).

- As you had been playing your part on the world stage for a very long time, your purity and power slowly started to reduce. You forgot your own spiritual self and thought you were the physical body you were wearing and thus lust, anger, greed, attachment and ego came into your interactions. The love and harmony which was there amongst you was lost and you started cheating and fighting with each other. When you experienced pain and sorrow, you started calling out to me. You started looking for me, you had forgotten that I, your Father, stays in the soul world. You started looking for me in your own physical world. You had a faint memory that I like you, am a point of spiritual light, so you started building temples, where you made a symbol of my point form to remember me.

Your cries of pain and conflict increased. Some of my pure children like Abraham, Gautam Buddha, Jesus Christ, Mohammed, Mahavir, Shankaracharya, Guru Nanak and others came to your world to guide you. They all came to teach you the right way of living. Some of them reminded you that I, the Supreme Soul, point of spiritual light, Ocean of Purity and Love, am your Father, and I live above in the soul world. They came to connect you to me, but you started looking for me in them.

As time passed, you got divided in the name of religion, nationalities, caste and creed. You, my sweet children, started having wars in my name. You built temples of your ancestors, the divine souls who had

lived in your world in the Golden and Silver Age (or Heaven) - *Shri Radhe Krishna, Shri Lakshmi Narayan, Shri Ram Sita*. You built temples to glorify them and you started looking for me in them. As your cries increased, your search for me became more intense. You looked for me in physical nature. You even thought that I was in each one of you. Some of you dedicated your life to search for me, but still could not find me. Some of you got so entangled in your world of science and technology that you even believed that I did not exist. This was the Copper Age (*Dwaparyuga*) and Iron Age (*Kaliyuga*) which lasted for another 2500 years.
