

Avyakt BapDada 18th January 2006

Today is the day of love. All the children from everywhere are merged in the Ocean of Love. This love makes you an easy yogi. Love takes you beyond all other attractions. All of you children have the blessing of love as a blessing from birth. Love has the power to enable transformation. So today Baba saw two types of children everywhere - all are the lovely children, but only some are absorbed on love. The children who are absorbed in love are easily and automatically equal to the Father in their every thought, every breath, every word, and every deed. Why? The Father has given the children the blessing of being powerful. Today is called the day of remembrance and power. Why? The Father made himself the backbone on this day and revealed the children who are absorbed in love on the stage of the world. In the corporeal form he revealed the children, and he then became a companion in the avyakt form.

On this day of remembrance and power he made the children the masters, and gave the master almighty authority children the task to reveal the Almighty Authority Father. The Father is happy because all the children are engaged in the task of revealing the Father, of benefiting the world, and transforming the world, according to their capacity and strength. BapDada gives multi-million congratulations from the heart to the children who are such master almighty authorities, all round servers, who maintain zeal equal to that of the Father, who are altruistic servers and unlimited servers. Congratulations. Congratulations. BapDada has pure pride - he is proud of his children - throughout the whole cycle there isn't such a Father whose every child is a "self-sovereign" king.

Many children ask, when they have a conversation with Baba: show us an image of what we will become in the future. What does BapDada say? The older children say that Mother Jagadamba used to give all the children an image - so also give us an image! BapDada says that he has given every child a unique mirror, in which you can see the image of who you are in the future. Do you know which mirror? Those sitting in the front row must know it! Do you know? That mirror is the self-sovereign stage of the present time - to the extent you are self-sovereign, accordingly you will claim a right to the kingdom of the world. So are you self sovereign? Or are you sometimes dependent? Do your eyes sometimes deceive you? Does your mouth sometimes deceive you? Do your ears sometimes deceive you? Are you interested in listening to wasteful things? If any of the physical organs deceive you, they control you, and it proves you do not have the controlling power or the ruling power that you received from the Father as a blessing and inheritance. How could someone who cannot rule the self, rule the world? Check in the mirror of your present stage of self sovereign - you have all received the mirror, have you not? There aren't any stains on the mirror are there? Is the mirror clear?

BapDada has given all the children the self respect of being self sovereign - you have all received the title of master almighty authority - not just a master with powers, but a master with all powers. If your powers do not emerge at the right time, check whether you are seated on your seat as a master: "I am a master almighty authority - I have a right to the inheritance and blessings from the Father". Be seated on this seat and then issue and order. If you come off your seat you will not be obeyed. Would anyone obey the Prime Minister if he had given up his position? So check - did I issue an order as one who has a right? The father has given every child Godly authority - you have God's authority. So order any power when you are stable in the stage

of your authority and your right, and that power will say “yes my Lord!”. In front of all the powers, Maya, the elements, sanskars, and nature, will all become servants - they will wait for you, the master to give them orders.

This is the day of power, isn't it? So BapDada is making you children revise what powers you have. He is making you underline it. BapDada has seen that the majority of children have a leakage, and so their powers are reduced. The leakage is mainly waste thoughts, and wasted time. It isn't bad, but it is wasteful - you don't accumulate at that time. You didn't lose anything, but did you earn anything? You didn't cause sorrow, but to how many did you give happiness? You didn't make anyone anxious, but how much did you spread vibrations of peace? You have this short time of the most elevated age to accumulate - if not now, then never. Make a savings scheme - save thoughts, time, words.

BapDada wants to see all the children as self-sovereign kings who are always seated on their seat of authority. Do you like this form? Whenever BapDada sees any child on the TV, he wants to see that child in this form. BapDada has a natural TV - he doesn't have to switch it on - he can see everywhere at the same time - he can see every child in every corner. Tomorrow what will Baba see in his TV? - you in the angelic dress, the sparkling dress of light? Do not wear the dress of the mud of body consciousness. When you have the sparkling, you are the stars of success. BapDada wants to see an image of each one of you like this. You like this do you not? If you wore a dress of mud you would become like mud, would you not? Father Brahma is in a sparkling dress - he is an angel. Follow the father. When your physical clothes become covered in mud or stained you change them - in the same way check whether you have constantly a sparkling angelic dress. The Father has the pure pride that every child is a king child. So stay in that form - live as a king - then Maya will become your servant, and will come to say farewell to you - she will come to say farewell for half the cycle - she will not attack you. BapDada always says: those who surrender themselves to the Father can never be defeated. If you are defeated, you have not surrendered.

Fix a date for the ceremony of success. BapDada says that at least 108 jewels should celebrate the ceremony of having become the embodiment of success - they should become examples - is this possible? Speak! Those in the front row, speak! Is it possible? You don't have the courage to reply. Everything can happen with courage. Dadi, say can 108 become the embodiment of success?*(yes they can definitely become that - the ceremony of success can be celebrated.)* Look - Dadi has courage - she is maintaining courage on behalf of all of you - so be co-operative. Pandavas speak! Why are you quiet? Why do you not have this courage? Will you demonstrate this by doing it practically? Can you at least maintain courage? There won't be any sanskars remaining, any weaknesses remaining? Achcha - even those from Madhuban are raising their hands! Wah! Congratulations! Congratulations! Achcha - then 108 will be ready easily - if so many have raised their hands then 108 is not a big thing. What will the double foreigners do? Yes -Dadi Janki is listening - she is keen to say something - we will also look at the rosary from abroad. Achcha - how many double foreigners are here today? *(200)*. 108 will be ready out of them. Is that right? In this say “I first” - do not look at others - say “I first” - do not say “I” in other things, but say “I” for this. BapDada is going to give even more work.

Today is the day of power and so you have power. BapDada wants to celebrate a unique Diwali - BapDda wants to light the lamp of hope in disheartened people. The lamp of hope should be ignited in the minds of all human souls everywhere. BapDada wants this Diwali of the lamps of hope. If this lamp of hope is lit in the atmosphere, then world transformation will be almost here - the golden morning will have arrived. The hopelessness that nothing can happen should now finish. Lamps of hope should be ignited. You can do this, can you not? Make the vibrations that powerful - become a lighthouse and might-house and spread the vibrations far and wide. Simply have the determined thought: I have to do it. Become busy in that. If you keep your mind busy you will benefit and souls too will benefit. While walking and moving along, be aware that you have to benefit the world. This attitude will spread into the atmosphere - according to time, everything will happen suddenly. So continue to take light from BapDada in your every thought, and as a lighthouse, continue to give light. Do not waste your time. When BapDada sees you battling a lot he doesn't like it - a master authority and battling! So become kings, become embodiments of success. Finish the disheartenment and ignite the lamps of hope. Achcha.

Now keep the aim that while walking and moving around, you must serve through your mind, your words, or your actions - and don't stop having remembrance. Remembrance and service are always together. Keep yourself so busy in both remembrance and service. When you remain free, Maya has a chance to come, so remain busy. Then you will easily become equal to the Father - you won't have to labour - you will remain an embodiment of love. Achcha.

Today, love has brought you flying here. How fast is the plane of love? You have come flying here with love - continue to fly and also make others fly. Keep the zeal of this time, and the determined thoughts, always with you.

To the children who are the light of the eyes, merged in BapDada's eyes; to the elevated souls who have a right to all the Father's property; to all the mahavir children who constantly fly with wings of zeal, and who make others fly, to the children who are absorbed in love with the deep love that the one Father is their whole world - remain absorbed in love and easily become equal to the Father. So multi-multi-millionfold love and remembrance and namaste to the children who are lovely and who remain absorbed in love. Achcha.
